

SPORTGAME PB

Engineered for Safety and Performance in Pickleball

Proven
Engineered to optimize authentic pickleball play from a company with over 50 years of experience building game courts.

Performance
Specially engineered to maximize performance while optimizing safety for pickleball players of all ages. The UV stabilizers and patented formula keeps your outdoor court looking and playing at peak performance for the life of the court.

Ball Response
Developed to optimize ball bounce and response for pickleball, with the added benefits of injury protection, maximizing play.

Safe
Lateral Forgiveness™ technology absorbs shock, lessening impact and risk of injuries, and SportGame PB's textured surface and tile formulation provide the balance between wet and dry traction and low skin abrasion keeping athletes safe.

Trusted
Sport Court is the Official Modular Tile Surface Partner of USA Pickleball.

Sport Court® is proud to be the official court of the most demanding athletes in the world.

"It is exciting how much pickleball has grown in recent years and we want everyone to play the game that we love so much. Sport Court's new and innovative pickleball-specific surface is better than any other modular surface we've tried. The traction and ball bounce result in a very fun game. We are excited to see Sport Court pickleball courts popping up around the country, providing families and individuals more opportunities to play."

- Pickleball Pros Matt Wright & Lucy Kovalova
